

Minutes Board Meeting 19 May 2015

Present: Brian Lockett, Beverly Andrews, John Andrews, Mark Gonzalez, Rick Prince, Anthony Eschmann, Rhonda Findley

John and Julie reported on a meeting that they had with Lambert Boissiere regarding the property in the 600 block of Independence St. He had been considering turning it into a boutique hotel. They felt that he was sincere when he said he had not made a decision on it. We have already sent a letter opposing this as the building contains some of the little affordable housing left in Bywater. [Note: a map change for this site was NOT introduced at the May 14th City Council vote on the CZO, so it seems Boissiere is really going for regular rental space.]

916 Louisa St. The owner, Robert Meyers, is having an NPP meeting on Wed. May 20 at 3 p.m. He wants to convert his double into a triple. Julie, Rick, Rhonda and Anthony will attend.

Rhonda brought up the possibility of partnering with a local school to support music education. She will look into it and bring back more details.

Julie reminded Mark to submit the form for the renewal of our 501c3 status.

Anthony J. Eschmann,

Secretary
